FINAL EXAMINATION SCHEDULES
College of Liberal Arts and Sciences

A final examination period is scheduled for every College of Liberal Arts and Sciences course. The Final Examination Schedule is listed according to the day and time of the course section. Each course must meet no fewer than 50 minutes during the period specified. Any deviation from this published Final Examination Schedule must be approved by the Academic Affairs Office. (Exception: if there are multiple sections of a course, an instructor may allow a student to meet at the final exam time of another section of the same course.)

2011-2012 COSTS

Tuition

In academic year 2011-12, the tuition for a full-time student enrolled for 12 to 18 credit hours is \$12,128.00 per semester. Full-time students registering for more than 18 hours are charged the full-time, single tuition rate plus an overload tuition rate of \$530.00 per credit hour.

Part-time students are those who register for fewer than 12 hours. They are charged \$913.00 for each credit hour for which they are registered.

Full-time students are automatically enrolled in a Health Insurance program. A charge of \$230.00 is billed to each student's account, which provides coverage for 12 months, August 1, 2011 through July 31, 2012. Students wishing to waive the insurance will need to do so on-line or with the Business Office.

Fees

Each semester, full-time students pay a student activity fee of \$200.00. A student identification card, admission to convocations, home athletic, theatre and musical events and subscriptions for the campus newspaper are included in this fee. The student activity fee also helps support the Student Affairs Senate and the Student Involvement program.

Applied music lessons may be available to full- and part-time students on a fee basis (see schedule of fees below).

Room and Board

The average charge for room and board in on-campus residence halls in 2010-11 is \$3,330.00 per semester. Board is available with different meal package plans. Specific information is available from the Residence Life Office.

ENROLLMENT POLICIES

Current Student Preregistration

At a designated time late in each semester current students preregister for the subsequent semester. Consultation with advisors is required prior to registration. Registration may take place only when students do not have a previous outstanding balance at the Business Office, do not owe books or fines to the Library, or owe immunization records to Student Health.

New Student Registration

First-year and transfer students participate in a registration session in June, or immediately before the beginning of the fall semester. During the registration session, students become familiar with the college environment, meet faculty and other students, plan their first semester coursework with a specially trained summer advisor, and register.

International students register throughout the summer or immediately preceding the fall semester.

General Registration

Registration for special students, and readmitted/reactivated students begins following the current student preregistration period and continues through the first full week of classes. (New students: contact the Admissions Office or Registrar's Office for specific dates.) After the first week of the semester, students may register only with special permission from the Executive Committee. A fee may be assessed for late registration.

Validation

Each student is expected to confirm his or her registration, provide directory information*, and assume responsibility for the payment of tuition and fees by the end of the first week of classes. Validation may take place only when students do not have a previous outstanding balance at the Business Office, do not owe books or fines to the Library, or owe immunization records to Student Health. If validation is not completed by the end of the first week of classes, a student's registration will be cancelled. (*See "Privacy of Educational Records.")

Change of Registration (Dropping/Adding of Individual Courses)

A course may be added to a student's schedule during the first week of the semester. After the first full week of class, no course(s) may be added to a student's schedule without special permission from the Executive Committee.

A course may be deleted from a student's schedule during the first week or two of the semester. (See the "Withdrawal from the University" policy if deleting all courses.) A part-time student who wishes to delete a course(s) from his or her schedule after the first full week withdraws from the course. (See the "Withdrawal from a Course" policy.) A full-time student who wishes to delete a course(s) from his or her schedule after the second full week withdraws from the course. (See the "Withdrawal from a Course" policy.)

PAYMENT POLICY

Students pay or make arrangements for payment of tuition and fees with the Business Office by the end of the first week of the semester. If payment is not received or arrangements are not made by the end of the first week of the semester, the student may be administratively withdrawn.

Payment or arrangements for payment can be made in one or more of the following ways:

1. Payment of all tuition and fees, room and board.
2. Payments through the Monthly Payment Plan (see below). (For students receiving financial aid in the form of scholarship and/or grant and/or loan, one half of the amount is available each semester.)

Monthly Payment Plan

Nebraska Wesleyan University offers a monthly payment plan through FACTS Management to help full-time students and their parents budget the cost of education. This special plan divides the cost of tuition, fees, and university-operated room and board (if applicable) up to twelve equal installments that begin in June preceding the fall semester and continue through the following May. No interest is charged, but a service fee is added. The plan may cover any portion of the costs up to full tuition, fees, room and board. Contact the Business Office for details.

CANCELLATION OF REGISTRATION

A student's registration is canceled immediately after the first week of classes if the student has not validated. A student may be administratively withdrawn from his or her classes after the first week of the semester if arrangements for payment have not been completed. When a student is administratively withdrawn, he or she will be charged 10% of the tuition and fees applying to his or her registration.

Once a student's registration has been canceled or a student has been administratively withdrawn, he or she must appeal to the Dean of the College of Liberal Arts and Sciences to re-register for that semester.

WITHDRAWAL POLICY

Withdrawal from a Course

A student who withdraws from a course before the end of the tenth week of the semester receives a "W" (Withdrawal). A withdrawal is not computed in the grade point average. After the tenth week of the semester, a student may not withdraw and a grade must be recorded. If extenuating circumstances dictate discontinuation from a class after the tenth week, a student may petition the Executive Committee for consideration of a late withdrawal.

Withdrawal from all Courses

If a student discontinues enrollment at Nebraska Wesleyan during the first ten weeks of the semester, the student must contact the Dean and file a withdrawal request in the Registrar's Office to avoid receiving automatic "F" grades in all courses. Students who find it necessary to discontinue enrollment after the tenth week of the semester must petition the Executive Committee for permission to withdraw. Contact the Registrar's Office for additional information.

REFUND POLICY

Students who find it necessary to withdraw from all courses in a semester for any reason shall receive refunds for tuition as follows:

Tuition Refund	Percent of the Semester Rate
<u>Schedule</u>	<u>To Be Refunded</u>
During the First Week	90%
During the Second Week	80%
During the Third Week	60%
During the Fourth Week	40%
During the Fifth Week	20%

If the withdrawing student has received a credit for a Nebraska Wesleyan-funded scholarship and/or grant, such financial aid will be canceled and may not be used to pay the tuition charges assessed for the period the student was enrolled.

After five weeks of the semester's classes have elapsed, no refund will be given to a withdrawing student. Calculations are based upon the date of the first meeting of classes. Items designated as fees will not be refunded. Room and board payments will be refunded as stated in the current housing contract.

No refunds are made to a student who withdraws from a special program, activity, or field trip after the deadline for acceptance into the program has passed. Students should consult the director of the special program.

If a student registers for more than 18 hours and later wishes to reduce the load for any reason, the student must complete the procedure for withdrawal during the first five weeks of the semester to qualify for any refund of tuition charges for extra hours. Such refunds will be reduced by the original charge for each successive week of the semester as stated in the tuition refund schedule above.

If individuals believe extenuating circumstances merit a departure from the tuition refund schedule, they may appeal in writing to the Dean for special consideration.

TITLE IV REFUND CALCULATION POLICY

The Higher Education Amendment of 1998 established a new procedure for the return of Title IV Federal Student Aid when a student who is receiving Title IV aid withdraws from college before the end of a semester. The new Return of Title IV Funds policy follows:

The Financial Aid Office will calculate the percentage of the semester that a withdrawing student was enrolled for that semester based upon the student withdrawal information on file in the Registrar's Office. The date of withdrawal is the date the completed "Withdrawal from University" form is given to the Registrar's Office. The number of days enrolled will include weekends but will not include scheduled breaks which are five days or longer.

For example, if a student withdraws at the end of five calendar weeks, the percentage of the semester attended would be calculated as follows: 5 weeks x 7 days = 35 days divided by the number of days in the semester (not including scheduled breaks of five days or longer, $35 \div 112 = 31\%$). In this example, the student will be entitled to 31% of the Title IV aid but 69% will have to be returned to the Federal government. When a student

has attended 61% or more of the semester (68 days in this example), no Title IV aid has to be returned. Returned aid is allocated in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, Federal Perkins Loan, PLUS Loan, Federal Pell Grant, Federal SEOG Grant, and LEAP.

If there is a balance due on tuition and fees and/or room and board after the return of Title IV Federal Student Aid, the student will be responsible for the balance due.

If a student who has been awarded a federal loan and/or grant does not officially withdraw and fails to earn a passing grade in at least one course over an entire semester, the institution must assume, for Title IV purposes, that the student has unofficially withdrawn, unless the institution can document that the student completed the semester. Federal regulations require that a Title IV refund calculation be processed by the Director of Scholarships and Financial Aid (see description of calculations above).

CLASS ATTENDANCE

Regular class attendance is expected of all students. Specific requirements vary. Each instructor provides a written statement of his or her attendance policy to each class during the first week of the semester. A copy of the statement is also available for review in the Academic Affairs Office.

Students who are unable to attend the first meeting of a class or laboratory for which they are registered should notify the instructor or department chair prior to the first meeting of the class or laboratory. If a notification of the student's intent is not received, the instructor, at his or her discretion, may cancel the student's registration for that course or laboratory. Students who do not plan to attend a course or laboratory for which they are registered must officially drop the course during the first week of classes. Students who plan to discontinue a course after the drop deadline must officially withdraw from the course through the Registrar's Office before the end of the tenth week.

Faculty members keep attendance records and may report absences to the student. Absences deemed excessive by the course instructor may be reported to the Student Involvement Office whenever counseling is desired. However, each instructor may enforce attendance policies independently.

GRADING SYSTEM

Nebraska Wesleyan uses the following grading system:

Excellent	A and A+	4.00 grade points
	A-	3.67 grade points
	B+	3.33 grade points
Good	B	3.00 grade points
	B-	2.67 grade points
	C+	2.33 grade points
Satisfactory	C	2.00 grade points
	C-	1.67 grade points
	D+	1.33 grade points
Marginal	D	1.00 grade points
	D-	0.67 grade points
Failure	F	0.00 grade points

W— Withdrawal before the end of the tenth week of the semester

WA— Administrative Withdrawal

P— Pass without grade

P*— Pass; student designated nontraditional grade; earned "C-" or better

PX— Passed by examination

F*— Fail; student designated nontraditional grade; earned "D+" or lower

I— Incomplete

AU— Audit-no credit

Repeated Courses

When a student repeats a course, both grades remain on the student's transcript, but only the last grade earned (whether higher or lower) and the associated credit(s) are used to determine hours earned and the student's grade point average. Students who repeat a course and earn a grade of "F" lose any credits previously earned for that course.

incomplete

An "I" (Incomplete) is given for work left incomplete for reasons that the instructor and department chair consider valid. Students are eligible for an Incomplete grade only if they have already completed 75% of the coursework. The percentage of completion is determined by the instructor. A student requests an Incomplete grade from the instructor.

If the instructor and the department chair approve the request, the student must complete an Incomplete Agreement (form available from the Registrar's Office) with the instructor and department chair. (A student's representative or the instructor may also submit the form.) The work for an Incomplete must be completed within the time allotted by the instructor (maximum of one year from the close of the term in which the student is enrolled.) The instructor stipulates what the final grade will become if the work is not completed.

If the work is completed in time, the instructor determines the final grade according to the quality of the student's performance. If the work is not completed, the Registrar's Office assigns the grade stipulated on the Incomplete Agreement form.

A Permanent Incomplete is allowed only in cases resulting from a catastrophic event in the life of a student, such as an incapacitating illness or other problems beyond the control of the student, which prevents the student from completing the work. In such cases, the student, his or her proxy or the instructor can petition the Executive Committee for a Permanent Incomplete.

ACADEMIC DISHONESTY

The Code of Student Conduct states that students found to have engaged in academic dishonesty, which encompasses such activities as cheating, plagiarism, unauthorized collaboration, misrepresentation and bribery, are subject to disciplinary sanctions. (See Article V of the Code of Student Conduct for a comprehensive listing of misconduct that is subject to disciplinary sanctions, as well as relevant terms and definitions.)

Faculty members have full authority in determining the action to be taken in cases of academic dishonesty. In addition to implementing the statements on the course syllabus addressing academic dishonesty, faculty may file a Report of Academic Dishonesty or file a complaint with the University Judiciary. If a Report of Academic Dishonesty is filed, a first report on a student prompts no further action. However, if a second report for a student is filed, a formal complaint is submitted against the student with the University Judiciary. Any report after a second will launch another complaint. Complaints submitted to University Judiciary prompt a formal judicial investigation.

Students should contact the Academic Affairs Office, Student Life Office, or Registrar's Office for more information.

STUDY ABROAD

A wide variety of study abroad programs are available to Nebraska Wesleyan students, including exchange opportunities and faculty-led tours. Through the International Student Exchange Program (ISEP) students may directly enroll in over 100 institutions in 34 countries and receive academic credit toward their degree program.

Nebraska Wesleyan also has an exchange agreement with Kwasei Gakuin University in Japan and sponsors faculty-led tours of foreign countries in various disciplines.

For more information, contact the Director of Global and International Engagement in the lower level of the Roy G. Story Student Center.

PRIVACY OF EDUCATIONAL RECORDS

The Family Educational Rights and Privacy Act of 1974 provides for specific rights to students regarding the privacy of their educational records. Nebraska Wesleyan's policies and procedures with respect to this law are available in the Student Handbook and at the Registrar's Office.

Nebraska Wesleyan has designated the following information as directory information:

- Name and Photograph;
- Home Address and Telephone Number;
- Local Address and Telephone Number;
- E-mail Address;
- Dates of Attendance, Classification and Major;
- Degrees and Awards Received at NWU;
- Date and Place of Birth;
- Institutions Attended Prior to Admission;
- Participation in Recognized Activities and Sports;
- Weight and Height of Athletic Team members.

Directory information may be disclosed by Nebraska Wesleyan without student consent; however, students have the right to withhold its disclosure.

If a student does not wish directory information to be released without his or her consent, the student must notify the Registrar's Office in writing during the first week of classes. Nebraska Wesleyan will not disclose the contents of students' educational records to other parties, except under circumstances allowed by the Act, without the student's consent.

Educational records are available for review by students in accordance with the Act. Students may submit to the University Registrar, Dean of the College of Liberal Arts and Sciences, Dean of Students, advisor, or other appropriate officials, written requests that identify the record(s) they wish to inspect. Students may ask Nebraska Wesleyan to amend their educational records if information contained in them is inaccurate, misleading, or in violation of their privacy rights. Students have the right to challenge the contents of an educational record under the prescribed procedures and to file a complaint with the U.S. Department of Education if there is a violation of the Act.

STUDENT RIGHT-TO-KNOW ACT

In accordance with the Student Right-to-Know Act of 1993, Nebraska Wesleyan's student persistence/graduation rates are available for disclosure to current and prospective students, employees, and interested community members. See the Registrar's Office for this information.

STUDENTS WITH DISABILITIES

Federal law requires that Nebraska Wesleyan University make "reasonable accommodations" to ensure that persons with disabilities will have equal access to all educational programs, activities, and services. Therefore, Nebraska Wesleyan University, in compliance with Section 504 of the Rehabilitation Act of 1973, as amended, and with the Americans with Disabilities Act of 1990 (ADA), as amended, recognizes the university's obligation to make reasonable accommodations for qualified students with disabilities.

A "reasonable accommodation" is defined as any change in an environment or in the way things are customarily done that (1) enables an individual with a disability to enjoy equal opportunities; and (2) does not fundamentally alter the nature of the activity, service, or program.

A "disabled" person is defined as one who has a physical or mental impairment that substantially affects one or more major life activities or has a record of such an impairment, or is regarded as having such an impairment.

To facilitate plans for any reasonable accommodations, students with disabilities must identify and document their needs following the admission to Nebraska Wesleyan University. It is the responsibility of the student to notify the university of his/her disability; to document the disability; and to request accommodation.

Students should contact Sandra McBride, Coordinator, (465-2346) for details.

	This course is designed to help students develop a theoretical and practical understanding of dialogic communication. Students will develop the skills necessary to effectively participate in and facilitate transformational dialogue. In addition to developing a comprehensive understanding of current dialogic research, students will have several opportunities to practice their facilitating skills by helping NWU and Lincoln community groups engage impasse through dialogue.

GLST-190-01	JAP CULT THR LIT/FILM What does <i>Godzilla</i> say about Japan's internalization of the atomic bombing on Hiroshima and Nagasaki? How does the film <i>Double Suicide</i> reflect the gains of the women's movement in Japan? What does the film <i>Family Game</i> tell us about the importance of education for Japanese families? What does <i>anime</i> say about Japan's relationship to global culture? This course invites students to explore the complexities of the modern Japanese experience through the study of major literary texts and films. Themes for study include family relationships, the individual vs. society, gender roles, and tradition vs. modernity; students will employ multiple disciplines--including literature, film studies, religion, and history to examine received ideas about Japanese culture as well as their own culture. Literary texts will include <i>Child's Play</i> , <i>Kokoro</i> , <i>In Praise of Shadows</i> , and <i>The Love Suicides at Amijima</i> ; films will include <i>Tokyo Story</i> , <i>Crazed Fruit</i> , <i>Godzilla</i> , <i>Double Suicide</i> , <i>Family Game</i> , and <i>Ghost in the Shell</i> . Students will learn key features of modern Japanese culture, know major authors and directors, and become familiar with critical methods of inquiry and analysis. Students will enhance their understanding of Japan by a discussion of texts as products of history and as works of art. No previous knowledge of Japanese culture or language is required.	3	04:00PM 06:30PM	TU	OM 316	Shea J

HIST-190-01	AMER IMMIGRATION HIST This course offers a comparative history of immigration to the United States from colonial times to the present. It explores changing causes and patterns of immigration, the development of nativism and immigration restrictions, and the impact of immigration on the life of the nation. Above all, it focuses on the effects of race, ethnicity, gender, class, religion, and region of settlement in shaping the experiences of immigrants themselves.	3	09:00AM 09:50AM	M,W,F	OLIN 224	Rasmussen C	No P/F	E2

HIST-290-01	MEDIA & TECH 20TH CEN In twentieth century America, social and cultural change and the development and adoption of new communications technologies were intertwined. Thus the history of Americans' relationship with technology is also a history of Americans' relationship with each other. This discussion-oriented course is intended to offer a history of communications technology and technological networks in the twentieth century that address changing notions of self, community, work, citizenship, and power in American life. The readings will be interdisciplinary and include works from historians, media scholars, anthropologists, and psychologists. We will use the readings to examine topics including, the role of technology in American culture, the rise and evolution of radio and television; mass media and social and political disengagement; the Internet; and the advent of social media.	3		11:30AM 12:45PM	TU,TH	SC 322	Rasmussen C

	The goal of this seminar course is understanding and appreciation of the media and messages of American politics. We will examine the historic foundation and current structure and dynamics of U.S. politics. Topics to be addressed: the revolutionary roots of the U.S. political system, special interest groups and their relation to political parties and office holders, the changing role of the traditional news media, the rise of the Internet and alternative media, measuring and manipulating public opinion, the boundaries of fair campaign advertising, communication techniques of candidates and elected officials, declining participation in democracy and adapting political communication to the new century.

This course will focus on helping participants identify the numerous losses suffered in their own lives and in the lives of others. We will address the relevant knowledge and skill base needed to provide social work intervention. The assessment of grief reactions and social work roles and tasks in facilitating the grief process will be presented. The concepts of companioning and hospice care will be addressed. Finally, students will increase their competency with death and demonstrate increased sensitivity, awareness, and skills in coping with loss, grief and death.
