

NEBRASKA
WESLEYAN
UNIVERSITY

**Annual Security Report
and
Annual Fire Safety Report**

2010

To the members of the Wesleyan community:

The safety and security of all members and guests of Wesleyan's campus community are of primary concern to Nebraska Wesleyan University.

Reporting the Annual Disclosure of Crime Statistics

The Director of Physical Plant prepares the report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report is located at <http://www.nebrwesleyan.edu/sites/default/files/imce/unassigned/2009-campus-security-report.pdf> on the "Campus Safety" web page. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites and the divisions of Student Life and Campus Community and Financial and Administration. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime arrest and referral statistics include those reported to the campus security office, designated campus officials (including but not limited to directors, department heads, designated staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. The University's Clinical Counselors and University Minister inform their student clients of the procedures to report crime to the Director of Physical Plant on a voluntary or confidential basis, should they feel it is in the best interest of the student client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the web site to access this report. All new employees receive the report in paper format and also the web site location on the "Campus Security" web page.

All prospective students and their parents can obtain a copy of the report from the Admissions Office, Smith/Curtis Room 207. All prospective employees can obtain a copy of the report from the Human Resource Office, Smith/Curtis Room 202. The report can also be found on the Nebraska Wesleyan University web site on the Campus Security page. More information is provided in the Student Handbook, which is distributed to students and employees in the fall semester by the Student Life Office.

Timely Warning Procedures

In the event that a situation arises, either on or off campus, that, in the judgment of the University, constitutes an ongoing or continuing threat, a campus wide email and text message will be issued. The warning will be issued through the Wesleyan Alert System.

What is the Wesleyan Alert System?

Wesleyan Alert is Nebraska Wesleyan's urgent notification system. If you subscribe to

Wesleyan Alert, you will be notified in the event of an emergency or safety concern via your chosen method(s):

- text message to your cell phone or other device capable of receiving SMS (short message service) messaging
- email

Why should I subscribe?

The subscriber-only feature of this system allows you to receive urgent notifications even if you're away from your computer or University phone. Those who choose not to subscribe to this service will be alerted of campus emergencies and safety messages via traditional all-campus emails and website postings.

What's involved?

You need a Nebraska Wesleyan University email address to subscribe to this service. You can log back into the system at any time to update information such as a new cell phone number. It is recommended that you use your Nebraska Wesleyan user name when registering; a new password is strongly recommended. Following validation, be sure to join the "safety notification" group so you can receive all emergency and safety messages.

How does the Wesleyan Alert System work?

During an urgent situation, a text message will be sent to your cell phone within seconds of an official announcement. An instant text message will alert you of an emergency wherever you are carrying your cell phone.

What if I do not have a cell phone?

You can still participate by registering to have the same message sent to you via email. This means you will need to be at your computer at the time of the announcement.

Can I unsubscribe to this service?

Yes. You can unsubscribe at any time by logging into your account and clicking on "unsubscribe" under the "Groups" tab.

Whom should I contact with further questions or concerns about the Wesleyan Alert System?

Questions and concerns can be directed to Sara Olson, Director of Public Relations, at 402 465-2185 or email solson@nebrwesleyan.edu. More information on the Wesleyan Alert System and security issues can be found on Wesleyan's web page at <http://www.nebrwesleyan.edu/about-nwu/campus-safety> *Anyone with information warranting a timely warning should report the circumstances to the Director of Physical Plant (402 450-9329) or the Security Officer 402 432-9238, who will pass the information onto the appropriate authority. Everyone is asked to assist in making the campus a safe place by being alert to criminal behavior or suspicious situations or activities and promptly reporting them.*

Emergency Response and Evacuation Procedures

The Higher Education Opportunity Act requires institutions to provide a statement of current campus policies regarding emergency response and evacuation procedures, and to have a policy in place to immediately notify the campus community in the event of a confirmed threat to health or safety, unless such notification will compromise efforts to contain the emergency. Nebraska Wesleyan University's campus community will be promptly notified of a confirmed threat to health or safety unless such notification compromises efforts to contain the emergency.

Wesleyan Alert Nebraska Wesleyan's urgent notification system is used for emergency response and evacuation. During an urgent situation messages will be sent to you by methods you have chosen within seconds of an official announcement.

Emergency Response Levels

Emergency notification will be determined using three response levels:

- **Heightened Alert:** Be aware of your surroundings; report any suspicious activity.
- **Stay In Building:** Continue your activities but do not leave the building. If you are outdoors, please go to the nearest building.
- **Lockdown:** Imminent danger. Secure or lock your doors if possible. If an alarm sounds in your building, evacuate.

Please keep in mind that each situation will be different. The university cannot anticipate every possible crisis situation. In the event of an emergency, stay calm and use your best judgment to keep yourself and others safe.

Please note if sending an alert could compromise efforts for a favorable outcome, proper authorities may delay the Wesleyan Alert.

You can request to have it sent to your cell phone/ other device capable of receiving SMS (short message service) messaging/ email.

In the first week of each semester Nebraska Wesleyan has an evacuation drill of all academic buildings unannounced. They are carried out by the Maintenance Team by pulling the fire alarms. Everyone is expected to leave the buildings, if any problems are noted they are reported to proper personal.

All information about drills is recorded and kept in the Clery Act file.

Fire Safety For On Campus Student Housing

Each on campus student housing facility has sprinkler systems, heat/smoke detectors, fire extinguishers, pull stations, horns/bells/strobes, fire doors to resident rooms, stairwells, laundry rooms and kitchens, also emergency lighting. Each on campus housing facility's fire panels are tied directly to the Lincoln Fire Department. They are also monitored by a

fire protection company that contacts the institution if any activity shows up on the fire panels.

Nebraska Wesleyan only allows approved, safe, low wattage portable electrical appliances. This includes hair dryers, curling irons, and non-halogen desk lamps, radios, TVs, stereos, electric blankets, computers, fans, thermostatically controlled coffee maker, hot pots and popcorn poppers. All candles are strictly prohibited in on campus housing. Additional sources of ignition that are prohibited include but not limited to incense, lanterns, charcoal, lighter fluid, Bunsen type burners, propane and candle warmers.

Outdoor grilling is only allowed with University provided and authorized grills that are located north of Plainsman Hall and on the west side of the Townhouse Village. Personal grills are not allowed on University property. Smoking is not permitted in any on campus housing; students smoking outside must do so at least 15 feet from the building. All cigarette butts must be placed in receptacles provided.

Each on campus student housing facility has two fire drills a semester. These are done by the Residential Education Coordinators (professional staff) at random times. The students are not for warned of drills and are expected to leave the building. Each on campus student room has an escape plan with two ways out.

Residential Education Coordinators (professional staff) RECs and Peer Assistance (students) PAs go through a fire training session that also includes hands on training with fire extinguishers. RECs and PAs periodically check smoke detectors in all rooms and during breaks they check rooms for any fire violations. Any fire related violation carries a possible 250.00 fine.

If a fire occurs it should be reported immediately to the Fire Department by a 911 call and to Residential Education Coordinators and on duty Security personnel. Residential Education Coordinators and Security personnel are responsible for notifying the Dean of Students, Provost, Vice President for Finance, and other University personnel who need to know.

All fire equipment in on campus housing is tested by certified fire protection companies and Nebraska Wesleyan's Maintenance Team once a year and as needed.

To Report a Crime

Emergency Reporting of a Crime

If a crime is in progress or just happened call 911 and report the situation to the City Police. Follow-up all calls to 911 with a call to the campus Security Officer at **402 432-9238**. The Security Office phone is covered 24/7 and security officers respond to all reported crimes on campus. There are Emergency phones in parking lots and beside buildings on campus and in the entrances to buildings that can be used to call 9-911. When reporting any type of crime or activity, be prepared to provide the following

information: location, time, type of criminal act, and any description of individuals involved. Also, identify yourself and the telephone number where you can be reached. It is important to report crimes promptly so Nebraska Wesleyan can follow up and notify the community of any occurrence of criminal activity.

General Reporting of a Crime

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents in a timely manner to the Director of Physical Plant either in person (heating plant building in the center of campus), by phone 402 465-2323, or by voice mail at 402 465-2323.

Reported criminal activity meeting the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are disclosed in the annual "Campus Security Act Annual Report". Faculty and Staff employees are required under the Clery Act to report to the Director of Physical Plant all crimes communicated to them by students unless they hold the positions of Clinical Psychologist and University Minister. Communications can be made under the University's **Confidential Reporting Procedures**. The Director of Physical Plant is required to report these communications on the University campus crime log.

Confidential Reporting Procedures

If you are a University faculty or staff employee, you may make your Clery Act required communication as a confidential report. The Director of Physical Plant can file a report on the details of the incident without revealing any identities

If you are the victim of a crime and do not want to pursue action within the University System or the criminal justice system, you may still want to consider making a confidential report. With your permission the Director of Physical Plant can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Campus "Clinical Psychologist" and the "University Minister" when acting as such are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Missing Student Notification

If a member of the Nebraska Wesleyan University community has reason to believe that a student is missing, whether or not the student resides on campus, the student's name and reason for concern will be reported within 24 hours to one of the following Director of Physical Plant (402-450-9329), the Director of Residential Education (402-465-7579), and the Dean of Students (402-465-5154). These individuals are directed by University policy to immediately report the missing individual to the Lincoln Police Department as a missing person. These individuals are responsible for efforts to locate the student to determine their state of health and well-being through collaboration with Lincoln Police, Campus Security, and Residential Education. If a student resides on campus, either Campus Security or the hall coordinator will conduct a welfare check into the student's room. If the student resides off campus, Campus Security will work with local police to request a welfare check. University officials will also attempt to determine the student's whereabouts through contact with friends, faculty or on-campus employers of that student verifying class attendance, work schedules, and organizational or academic meetings.

If located, verification of the student's state of health and intention of returning to a campus routine is made. When appropriate a referral to the Counseling Center will be made. If not located, notification will be made to the emergency contact individual within 24 hours of receiving the initial report. If the student resides off campus emergency contacts and family will be encouraged to report the situation to the appropriate law enforcement agency. Suzanne's Law requires law enforcement to notify the national Crime Information Center when someone between the ages of 18 and 21 is reported missing.

Students who reside on campus should register a confidential contact in case they are determined missing, to be used only by authorized campus officials and law enforcement. This contact will be kept in a separate file that only authorized campus officials have access to. Students who reside on campus who do not provide a confidential contact will be advised that if they are determined missing Lincoln Police will be notified. Students who reside on campus, who are younger than 18 and are not an emancipated minors, will be advised their parents or legal guardians will also be contacted even if they have a confidential contact. If not initially reported to Security or Lincoln Police, it must be immediately referred to them. Once Security or Lincoln Police determine a student is missing for 24 hours, the confidential contact will be notified. If there is evidence of foul play, a student can be determined missing before 24 hours have lapsed. While the contact remains confidential, nothing precludes an institution from notifying a student's parents or anyone else they deem necessary to help find the missing student. The FERPA health and safety exception fully permits this. The official determination that the student is missing can be made **at any time** by campus security or by the local law enforcement agency that has jurisdiction where the campus is located. Nebraska Wesleyan University will notify the local law enforcement agency when **any** student who lives in on-campus student housing has been determined to be missing for 24 hours.

Access to Campus Facilities

Residential Facilities Security

The following descriptions are the University's efforts to provide a residential environment sensitive to student safety and security. No systems, however, can guarantee individual safety. Everyone must exercise personal caution and accept individual responsibility for the safety of your person and property:

- Each facility has a professional staff member, a Residential; Education Coordinator assigned to and/or living in the facility. In most instances several Peer Assistants (PAs) live on site. All are trained in CPR basic first aid, and fire prevention.
- PA's make rounds of Plainsman, Burt North, Centennial, Pioneer, Johnson, Heim and White suites, and Town houses each evening. PA's also checked outside doors and first floor windows during rounds.
- All residence halls are secured 25 hours a day. Only the residents of each building or commuter students participating in the Connect to Campus Program can enter using an electronic key access system.
- All rooms have "coded" keys. If a room key is lost, the finder will not know the room number or the building of the key. Once a key is reported lost or stolen, the "core" of the lock can be readily changed to prevent entry by the person who found the key. Thus, the coded keys have a two-step protection system.
- A cellular phone is attended by a student life staff member on duty to ensure communication with other residence hall staff, security and Lincoln Police Department.
- Emergency lighting will come on if there is a power loss in the hallway and stairs. Each faculty has fire alarms, extinguishers, smoke detectors, and sprinkling systems on each floor.
- Each room door has a peephole to enable residents to establish identity before admitting anyone.
- All windows are equipped with screens and locks. They must never be removed.
- Security cameras are operational at most residential facility entrances as well as at other locations throughout campus.

General Buildings Security

Campus buildings have regularly scheduled operating hours. These hours, which are posted on the external doors of each building, are maintained to protect the equipment and staff who occupy these buildings. The hours are subject to change during holiday periods and to accommodate activities within the buildings. Emergencies may necessitate changes or alterations to any posted schedules.

All individuals occupying a building after hours must be authorized to be there and be identifiable as a member of the Wesleyan community by an official University Photo Identification Card. Individuals designated as campus security authorities include the

President, the Vice President for Finance and Administration, the Provost, the Director of Physical Plant, Contracted Off Duty Lincoln Police Officers, and Contracted Security personnel.

Campus Security

Nebraska Wesleyan University has employed a security service, Securitas Security, to provide additional support for its students, staff and facilities. The guards serve as additional “eyes” and “ears” on campus and are available to assist the Lincoln Police Department as needed. The University also hires off duty police officers throughout the year to patrol the campus.

Their duties are to protect University property, faculty, staff, students and visitors by securing buildings, checking offices and laboratories, patrolling campus grounds and parking lots, and providing escort service when requested. The Securitas guards also monitor and report on campus security matters. A periodic review is made on the adequacy of campus lighting and other safety needs.

The Securitas Security guards are trained in crime prevention, safety and patrol techniques. They are not armed and are only authorized to use physical force in self-defense or in defense of another person. In the event of a crime, the Lincoln Police Department should be notified first, with backup support by Securitas Security. Securitas Security personnel do not have the authority to arrest individuals.

The off duty police officers are not on campus to investigate crimes. They do have all their police authority to take action if they observe any illegal activity on campus. The off duty officers will carry their Lincoln Police Department issued firearms.

Nebraska Wesleyan University’s campus is under the jurisdiction of the Lincoln Police Department which is coordinated by the Department’s Northeast team. Lincoln police have the right to come onto campus and do so to investigate reported crimes and make arrests. The police officers regularly report to the administration any criminal activity which has occurred in the University Place neighborhood, including student Greek

houses. Student Life maintains contact with recognized fraternity and sorority organizations through the efforts of the Greek Life Advisor. University security personnel do not provide law enforcement service to off-campus residences of recognized fraternity and sorority organizations nor are non-University sponsored activities off campus recognized by university authority. Student Life and Campus Security enjoy a close working relationship with the Lincoln Police Department. This cooperative team approach addresses situations as they arise as well as future concerns.

There are emergency Blue Light Phones located on the campus walkways and at the parking lots. These phones can be used to dial police emergency response with 9-911. When getting acquainted with the campus, please take the time to note the location of these.

Security Awareness Programs

Each member of Wesleyan's community should be aware of Wesleyan's campus security procedures and be sensitive to crime potential. Each employee in the fall and all new employees receive a copy of the Emergency Procedures Guidebook, which outlines emergency procedures as well as crime reporting procedures. Additional information is provided through periodic notices published in the weekly faculty/staff newsletter, giving helpful security tips and reporting crime occurrences on campus. The student newspaper also has periodic articles on campus crime. Special memos are circulated to the staff on an as needed basis if certain crime situations prevail. Each student and employee is supplied a copy of the Student Handbook, a publication that provides additional information regarding campus crime and safety at NWU.

Campus Safety programs are sponsored by a number of offices on campus throughout the academic year. Upon arrival residential students receive a brochure from Maintenance that focuses attention on car safety. Student Life provides *Wesleyan Watch* information in the student planner for each student that is placed in their campus mail box which promotes the theme that campus security is everybody's business. The planner contains campus security, fire and police and student health phone numbers. Throughout the year the residential programs sponsor a Gotcha Program as a personal safety and anti theft program.

Staff in the residential facilities check student room doors around 5:00 am in the morning to identify if students are locking their room doors. If a room door is found unlocked, a tag is put on the door that says 'Got Ya your door was unlocked'. After a residential facility has gone through the program an educational program is the follow-up. In addition, each semester the Women's Resource Center volunteer staff provides sexual assault classroom presentations. The residential education student staff focused in hall programs this past year on the subject of drinking and driving. Each first year residential facility presented a program on the topic. The University makes a special effort during New Student Orientation to provide information through programming and placement of brochures in each student's NSO packet concerning acquaintance rape. Upper class students receive in the fall a brochure on alcohol misuse problems. Residence Halls and

Student Organization on campus have programs on safety and prevention issues. Wesleyan placed on the back of each students parking hang tag the phone numbers of “Wesleyan Wheels” and the phone number of Wesleyan’s 24/7 security phone.

Crime Prevention Programs

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations through out the year. Residential Education personnel provide students with a variety of educational strategies on how to protect themselves from sexual assault, theft and other crimes. A group of students from Student Affairs Senate, and the Dean of Students along with the Director of Physical Plant walk campus after dark each semester and evaluate the campus lighting and landscaping in terms of safety and security. The Student Senate makes recommendations from their analysis on changes that will make the campus a more secure environment. The Director of Physical Plant continues a car patrol on campus in the late evening and after midnight to provide more security in parking lots and other areas on campus.

Although theft of personal property is not a reportable activity, as provided by the Campus Security Act, students, faculty and staff should be aware that personal property theft does occur on campus. Items most likely to be stolen are radios and speaker equipment from vehicles, unattended wallets and purses from offices and unattended textbooks. All members of the Wesleyan community are responsible for their own personal belongings and should take simple, common sense precautions to protect their valuables.

Personal Safety Tips:

- Do not allow the opportunity for a crime to occur - avoid placing yourself in environments where criminals will have the opportunity to commit a personal crime.
- Always keep your doors and windows locked.
- If possible, let a friend or roommate know where and with who you'll be and when you'll be back when you go out.
- Trust your instincts - if you feel uncomfortable about someone near you on the street, in an elevator, or getting off a bus, head for a populated place or yell for help.
- Use well-lit and busy sidewalks.
- Avoid walking alone or walking near vacant lots, alleys, construction sites, and wooded areas.
- Learn the locations of emergency phones on campus.
- Carry a cell phone, whistle, or a personal alarm to alert people that you need help.
- In an elevator, stand near the controls; if you feel threatened, hit the alarm and as many floor buttons as you can.
- When you're on a bus, sit as near the driver as possible.
- Try to park in an area that will be well-lit and heavily traveled when you return.
- Lock your car doors and roll up the windows completely - even if you're only running a quick errand.

- Drink responsibly - remember your ability to respond is diminished by over-consumption of alcohol.
- Stay alert at all times and call the police immediately to report suspicious activity.
- Never leave personal property (e.g., book bags, laptop computers, etc.) unattended.
- Put ICE (In Case of Emergency) in your cell phone, along with a name and telephone number of a loved one, to enable emergency services personnel to contact your family in the event of an emergency.
- Excessive volume or use of electronic devices (iPods, PDAs, cell phones, etc.) distracts you from being alert to potential safety issues. Unplug yourself and tune in to your immediate environment.
- Utilize crosswalks at all times and obey the signals at intersections when walking.
- When driving, be alert for pedestrians and bicyclists and yield to them when required by law.

In 2010 the following programs were added to the programing list:

Career and Counseling Center:

- February: Sex Signals (co-sponsored by Women's Resource Center, Bacchus Gamma, WEB)--program on alcohol and drug use, and safe party/dating practices
- Monthly bulletin boards on responsible alcohol use by the Alcohol Coalition
- Bacchus Gamma purchased several posters about the dangers of drug and alcohol abuse to be hung in the residence halls

Student Life Office:

- Sexual Violence or Misconduct Resource People, Sexual Harassment Resource People designated and contact information distributed to all CLAS students through the Student Planner and Handbook.
- Acquaintance Rape brochure, developed and distributed to all incoming students during New Student Orientation.
- NWU Off Campus Living Guide, including community standards and consequences, mailed to all off campus students not residing with their parents.
- Posters with contact information for on and off campus resources distributed to all residence hall floors and various campus buildings, should a student be the victim of, or become aware of, sexual violence or misconduct.
- Brochure regarding NWU alcohol policy developed and distributed to all upper class students in residence.
- Email sent to all NWU students with a link to the NWU Alcohol and Drug Policy, substance abuse resources on and off campus, effects of various illegal substances, campus and community consequences for violation of policies and laws pertaining to the use of alcohol and drugs.

Nebraska Wesleyan University Alcohol and Drug Policy:

Because of the serious problems related to the abuse of alcoholic beverages and controlled substances, and because this practice can lead to a loss of effectiveness in human life and does not contribute to the teaching-learning process, the Nebraska Wesleyan University community reaffirms its position of serious concern about and opposition to the use of alcoholic beverages and/or controlled substances in this environment. Therefore, the Nebraska Wesleyan University community urges all of its members to exercise mature judgment and social responsibility when making decisions regarding the use of alcoholic beverages and other drugs. This University community further denounces and prohibits the dispensation, possession, distribution, unlawful manufacture or use of illegal drugs by students, faculty, or staff. The University is committed to helping individuals who are suffering from a chemical dependency or drug abuse problem, and we urge the members of this academic community to become actively engaged in drug and alcohol education, prevention, and treatment programs where appropriate.

Violation of this policy by employees may subject the employees to institutional sanctions including, but not limited to, mandatory counseling as prescribed by Nebraska Wesleyan University; suspension from work without pay until the problem has/is abated, termination, and referral for prosecution.

As a condition of employment, all employees must abide by the terms of this statement, and must report to the human resource office any arrest and all subsequent convictions under a criminal drug statute for conduct in or out of the workplace no later than five days after the arrest and subsequent conviction. In the event of such a conviction, an employee will be subject to personnel action up to and including termination, or will be required to participate in an appropriate drug abuse assistance or rehabilitation program.

Approved by Administrative Council: 4/10/89

Addendum approved by Board of Governors: 5/19/89

Editorial changes approved by Administrative Council: 6/20/90

Nebraska Wesleyan complies with Federal, State, and local laws including those which regulate the possession, use and sale of alcoholic beverages and controlled substances. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. This University community further denounces and prohibits the sale, possession, distribution or use of illegal drugs by students, faculty or staff. Such laws are strictly enforced by the University. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment

Each employee and student has received the Policy Statement on Alcohol and Drugs approved by the Board of Governors, and each newly hired employee receives materials at the time of employment as directed by the Drug Free Schools and Communities Amendments of 1989. Students receive with the Student Handbook information on the implementation of the University's Alcohol and Drugs Policy. The Student Life and

Campus Community Division provides drug and alcohol abuse prevention programs in compliance with Section 120 (a) and (d) of the Health Education Act. Description of these programs can be obtained from the Student Life Office.

In support of this policy, the Campus Coalition on Alcohol Awareness and Education has developed a 3-year strategic plan to reduce high-risk drinking on campus. This plan is based on a broad Environmental Management Approach as recommended in "Experiences in Effective Prevention", an August 2007 publication by the US Department of Education's Alcohol and Other Drug Prevention Models on College Campuses Grants, pages 7-9. The approach includes:

- Offer and promote social, recreational, extracurricular, and public service options that do not include alcohol and other drugs
- Create a social, academic, and residential environment that supports health-promoting norms
- Limit the availability of alcohol and other drugs both on and off campus
- Restrict marketing and promotion of alcohol and other drugs
- Develop and enforce campus policies, and enforce local, state and federal laws

The NWU Campus Coalition on Alcohol Awareness and Education (CCAA & E) is a campus group consisting of representatives of the following campus entities:

- Student Health Center
- Greek Life
- Residential Education
- BACCHUS-Gamma
- Counseling Services
- the Curriculum
- Student Athlete Advisory Board
- SAS (Wesleyan Wheels Coordinator)

The charge of the committee is to coordinate Nebraska Wesleyan's alcohol education efforts including social norming,

Sexual Assault Prevention and Response

Nebraska Wesleyan University will not tolerate sexual assault in any form, including acquaintance or date rape. Sexual assault is identified as misconduct that will be adjudicated by the University Judiciary, using policies developed specifically to respond to sexual assault, if a complaint is filed. Sexual assault resource persons are available to assist any students. A current list of the sexual assault resource persons is found in the Student Handbook, distributed each fall to all students and employees.

The University educates the student community about sexual assaults and date rape through mandatory orientation programs throughout the year for both on campus residence, Greek houses and commuter students. Literature on date rape education, risk reduction and University response is available through the Residential Education Office,

located in Centennial Hall and the Women's Resource Center Office located in the Rory Story Student Center lower level.

If you are a victim of a sexual assault at this institution your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a Residential Education Coordinator, Student Health and Wellness nurse, University sexual assault resource person, University Minister, University Professional Counselor, Director of Physical Plant or University security personnel. Filing a report with any of these University representatives will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental response. These University personnel will assist the victim in reporting the crime to the Lincoln Police and also in obtaining medical treatment.

The city of Lincoln provides a 24 hour Rape/Spouse Abuse Crisis line at 402 476-2110, which assures the victim, has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention. The University has Clinical Counselors available to students. Filing a police report will ensure that a victim of sexual assault receives the necessary medical treatment and tests at no expense to the victim and provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam).

Student housing arrangements can be changed if a student requests a change due to a sexual assault. University disciplinary procedures, which provide special guidelines for cases involving sexual misconduct, are distributed to all students each year by the Student Life Office. The following sanctions may be imposed probation, loss of privileges, fines, restitution to victim, Residence Hall suspension or expulsion, University disciplinary suspension or expulsion, and withholding degree. Disciplinary procedures entitle both accused and accuser to the opportunities to have others present and a final report will be provided to both parties.

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the *Jeanne Clery Act* and the Family Educational Rights and Privacy Act of 1974 Nebraska Wesleyan provides the State Sex Offender's list link at <http://www.nsp.state.ne.us/sor/find.cfm> This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student.

Fire safety education and training programs are provided to the students at the beginning of the year. The Peer Assistants and Residential Education Coordinators receive instructions on the use of fire extinguishers only to assist evacuation of the building. Instructions are given that no one is to fight the fire, but leave the building and call 911. All housing facilities are furnished with sprinkler systems for fighting the fire until the fire department arrives. Students and employees should report that a fire occurred to the Director of the Physical Plant, Manager of Custodians, Parking, and Safety, or Maintenance Office Manger to be included in the Fire Log.

Rules on portable electrical appliances, smoking and open flames in a student housing facility:

Smoking:

Smoking is not permitted in any on-campus residential facility (the use or storage of Hookahs is also not permitted). Students smoking outside of a residential facility must do so at least fifteen feet from the building. Cigarette butts must be placed in the receptacles provided.

Extension Cords/Electrical Fixtures:

Nebraska State law prohibits the use of regular extension cords in all approved on-campus living environments. Residents may only use “surge protector” power taps to link their electronic equipment to the limited number of outlets in their rooms. All power taps purchased should be grounded and provide three prong adapters. Power taps are available in most hardware stores and come in a variety of sizes. Power strips attached to other power strips are considered extension cords.

Electrical light fixtures should not be modified in any way. Cords may not be nailed or pinned in place and may not be covered. Nothing should be placed over a ceiling light. No halogen lights are allowed.

Candles And Open Flames:

All candles are strictly prohibited in all residential facilities. Additional sources of ignition that are prohibited include but are not limited to: incense, lanterns, charcoal, lighter fluid, Bunsen-type burners and propane. In addition, candle warmers are prohibited. Smoking is strictly prohibited.

Appliances And Electronics:

The misuse or illegal use of electrical equipment or appliances creates serious hazards in residential facilities. Only safe, low-wattage appliances and electronic equipment are permitted in individual rooms. Approved low-wattage appliances include the following: hair dryers, curling irons, non-halogen desk lamps, radios, televisions, stereos, electric blankets, computers, fans, thermostatically controlled coffee makers and hot pots, popcorn poppers. Space heaters and window air-conditioners are not permitted under any conditions.

Procedures for student housing evacuation in case of a fire.

Fire Drills and Evacuations:

Each residential facility is required to have fire drills each semester in order to prepare and educate residents about fire safety issues in community living situations. The residential education staff will educate residents regarding evacuation procedures and destination locations for residents to gather.

Student staff and professional staff will periodically check smoke detectors in all rooms. Drills and smoke detector checks will not always be announced. During break periods, the residential education staff will check rooms for safety before closing the buildings. Failure to evacuate the building during a fire and/or drill will result in a \$250 fine as well as the possibility of additional sanctions as outlined in the Code of Student Conduct.
