

Policy title: University Response to Communicable Diseases	Category: Student Health
Owner: Student Life	Approved by: Sarah Kelen, VP SL

Policy statement

The University follows all relevant laws in reporting cases of communicable diseases. The University will take appropriate measures to alert the University community to the risk of disease when circumstances warrant such communication. The University respects individual confidentiality and treat individuals on a case-by-case basis, consistent with the advice of qualified medical and professional personnel. For more information about the University's protocols in response to communicable diseases, contact the Student Health Office.
