

Campus Security Authority (CSA): Frequently Asked Questions

What is the Clery Act?

The *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* is a consumer protection law that aims to provide transparency around campus crime policy and statistics.

Clery Act regulations fit into the following categories:

- **Annual Security Reporting:** NWU must publish an annual security report in October of each year. This report summarizes university policies related to crime intervention and prevention and lists statistics related to specific crimes that occur within a designated geographical region on campus and the surrounding area. The types of crimes that must be included in the report and the geographical region are dictated by the Clery Act. You can find our most recent Annual Security Report [here](#).
- **Timely Warnings and Emergency Notifications:** NWU must issue a timely warning when a crime is committed that is covered by the Clery Act and it is determined that this incident presents an on-going threat to the campus community. If it is determined that there is an immediate, significant danger to the health and safety of the campus community, NWU may issue an emergency notification. To review NWU's practices related to emergency notification, view the [Campus Safety](#) webpage.
- **Victim Rights, Options, and Resources:** Victims of sexual assault, domestic violence, dating violence, and stalking are guaranteed specific rights, options, and resources. To learn more about rights, options, and resources for victims of sexual assault, domestic violence, dating violence, and stalking at NWU, visit this [webpage](#). Who is in charge of Clery Act compliance at NWU?

We all have a part in ensuring the institution complies with the Clery Act. NWU has designated the following individuals as Clery Compliance Administrators:

[Maria Harder](#) (Assistant Vice President of Human Relations and Director of Title IX Services)

[Natasha Moreno](#) (Assistant Director of Title IX Services and Title IX Coordinator)

[Jim Ruzicka](#) (Director of the Physical Plant)

[Roxanne Styskal](#) (Assistant Director of Physical Plant)

This means they are responsible, in conjunction with the Title IX and Clery work teams, for recording Clery Act offenses and completing NWU’s Annual Security Report.

Why am I considered a Campus Security Authority?

CSAs are employees who have campus security responsibilities, are specified as an individual to whom students and employees should report criminal offenses, and/or are officials who have significant responsibilities for student and campus activities.

What does a Campus Security Authority do?

The function of a CSA is to report disclosures of Clery Act crimes they receive to a Clery Compliance Administrator. CSAs are responsible for reporting disclosures of Clery Act crimes reported to them in their capacity as a CSA.

What information is a Campus Security Authority required to report?

A CSA crime report may be the basis for determining if there is a serious or continuing threat to the safety of the campus community that would require an alert. CSA crime reports should include sufficient detail, such as dates and locations, and, where appropriate, personally identifying information, including name and contact information if available. This is important for law enforcement purposes and to avoid double counting crimes. If a victim does not want the report to go any further than the CSA, the CSA should explain that they are required to submit the report for statistical purposes and can be submitted without identifying the victim, unless the report involves sexual harassment and sexual misconduct.

Do I have to report every Clery Act crime I hear about?

CSAs are *not* responsible for reporting incidents that they overhear students talking about in a hallway conversation; that a classmate or student mentions during an in-class discussion; that a victim mentions during a speech, workshop, or any other form of group presentation; or that the CSA otherwise learns about in an indirect manner.

CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA. If you are unsure of whether or not you should report an incident, consult with a Clery Compliance Administrator.

Do I have to determine if an actual crime took place?

A CSA is not responsible for determining authoritatively whether a crime took place, that is the function of law enforcement personnel. A CSA should not try to investigate the alleged crime or

apprehend the alleged perpetrator of the crime. That too is the responsibility of law enforcement. It's also not a CSA's responsibility to convince a victim to contact law enforcement if the victim chooses not to do so.

If you are unsure of whether or not you should report an incident, consult with a Clery Compliance Administrator.

How can I respond in a trauma-informed way to individuals who have experienced violence?

Safety and Support:

- Ask the victim if they are safe; **in the case of an emergency, call 911**
- Listen without judgement
- Use supportive language (*"It was brave of you to tell me."* *"Thank you for sharing this with me."*)
- Validate their experience (*"It's not your fault."* *"No one deserves to be hurt."*)

Connect:

- Inform the victim of resources for confidential support (listed above)

Report:

- Inform victim that you are required to report the incident to a Clery Compliance Administrator

- *“Thank you for trusting me. Because of my role on campus, I am required to tell the university when I receive information that leads me to believe a crime may have taken place. You are not in trouble. The university wants to know of anything that may affect the safety of the campus community.”*
- Inform them that a campus official may reach out to them to offer support
 - *“You may be contacted by someone at NWU about the situation you described. We want to make sure you are safe and have access to supportive services.”*
