2. Nebraska Wesleyan University received \$691,376 under Section 18004(a)(1) of the CARES Act to be distributed directly to students impacted by the disruption of campus operations resulting from COVID-19, according to the Certification and Agreement for Emergency Grants to Students.

6. NWU used a two-phased process to distribute funds. It was determined that the decision to close university housing effective March 29 in response to the COVID-19 pandemic resulted in immediate unforeseen expenses for students. In phase one, eligible students who vacated university housing received a grant for unexpected expenses related to housing and food (\$500), housing only (\$350), and food only (\$150). In phase two, all eligible students were invited to apply for emergency assistance. Students were asked to provide the total amount of food, housing, course materials, technology, health care, child care, and other expenses they incurred resulting from the disruption of campus operations due to COVID-19. Applications were reviewed by committee and decisions were communicated to students on 5/15/2020.
