The Archway Curriculum

Nebraska Wesleyan University's nationally-recognized general education program

NWU has designed the Archway Curriculum to enrich our students' skills development within and beyond their majors throughout their time at NWU. We want you to get the most out of your undergraduate career and still graduate on time. SCC students can transfer in many courses to meet Archway Curriculum requirements. A single course could meet both a requirement for a student's major and also for general education requirements.
