If you wish to have other parties have access to your payment plan, you can add them by clicking on “Add an Authorized Party” link. You can add as many parties as you wish. Please note that if the bank account/credit card used to make the payments are not the student’s account, the account holder needs to be added as an Authorized Party. For example if mom’s checking account will be used to make the payments, mom will need to set up as an Authorized Party.

Welcome

If someone other than a student will be making payments or setting up a payment plan, you will need to designate them as an AUTHORIZED PAYER in our system.

**STEPS TO AUTHORIZE ANOTHER PAYER:**

1. The student will need to designate the Authorized Payer. Please click on the "WAIT TO DESIGNATE ANOTHER PAYER?" link in the top right corner of the page.
2. Once you have completed the required information, an email will be sent to the Authorized Payer with a link to log into the payment system.
3. When the Authorized Payer has accessed the payment system, the Authorized Payer can complete a payment plan or make a payment on the student's behalf.

*Payments will now be posted back to the student account when processed with Nelnet.*
The monthly payment has an automatic balancing feature that will adjust your payment plan to cover your tuition balance. In this example, we have changed the payment plan from $10,846 (amount shown on NWU tuition statement) to $15,299. If the tuition balance is different than the $15,299 by September 21, the payment plan will be automatically adjusted to cover the balance on your tuition account (increase or decrease) and adjust your remaining payments accordingly. An email will be sent notifying the PLAN OWNER (typically the student, but if an authorized party set up the plan, that authorized party will receive the notification as well) that an adjustment has been made. You will need to log into your payment plan to view the adjusted monthly payment.
