

Nebraska Wesleyan University

Honors Academy Dual Credit Program 2024-2025

**EARN  
COLLEGE  
CREDIT**

in your high school courses.

# Earn college credit now with NWU Honors Academy.

Nebraska Wesleyan's dual credit program, Wesleyan Honors Academy, is designed for motivated high school students to earn college credit in select high school courses. These are a few of the benefits:

---

> **LEARN** from your favorite teachers.

High school teachers accepted as NWU instructors teach a variety of advanced courses that are as rigorous as traditional college courses.

---

> **SAVE** time and money.

Honors Academy tuition is just \$95 per credit hour. WHA credits help you earn your college degree faster and have more time for college activities or a second major.

---

> **TRANSFER** credits nearly anywhere.

This is Nebraska's only NACEP-CEP accredited dual credit program. The credits you earn will transfer to most U.S. colleges; all credits automatically apply to NWU.

---

> **ENJOY** NWU perks.

As a WHA student, you have access to NWU's technology and library resources, writing and tutoring assistance, and NWU events.
